Dometic Dust reduction unit  
External Pull Out Kitchen  
12V Sirroco Oscillating Fans  
RV Wifi

## RS OFF ROAD

### OPENING GATES TO NEW ADVENTURES

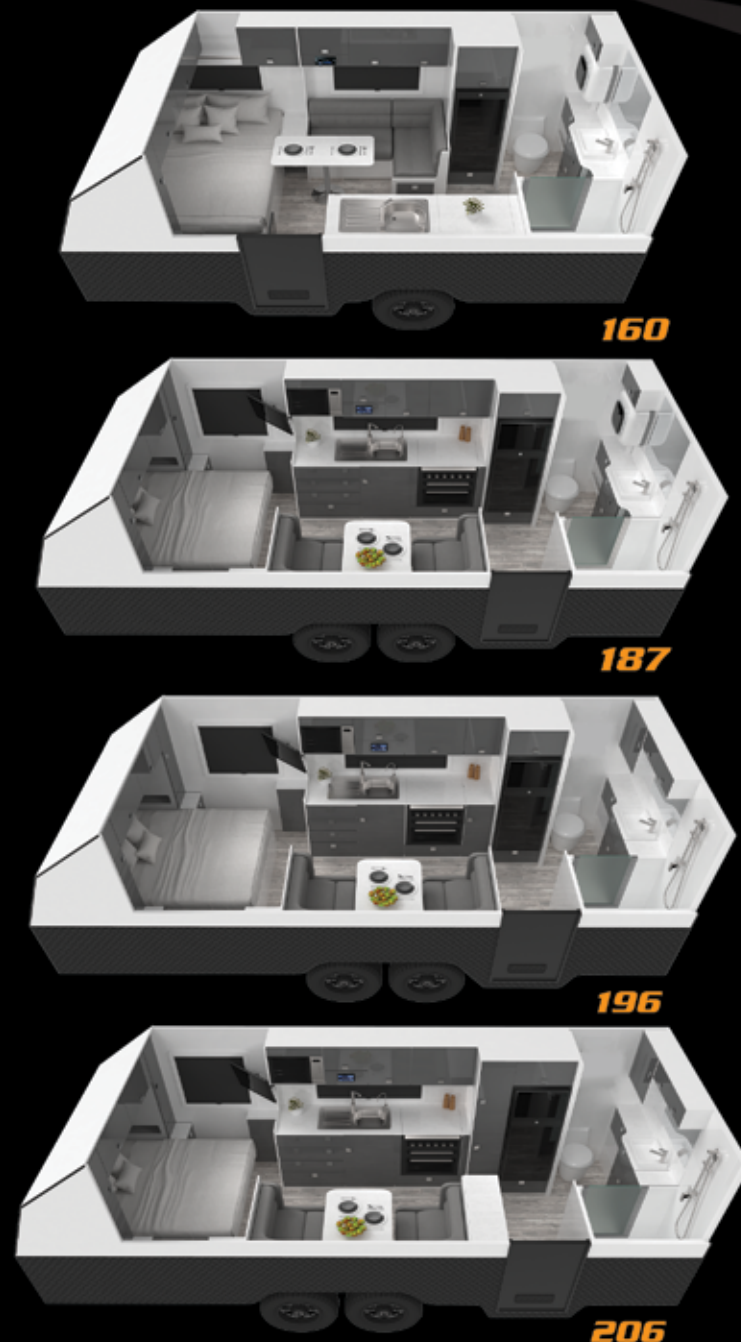

Tried, tested and proven. Concept Caravans release a new full Off-Road range. With extensive research including market and customer feedback, we now deliver the RS series with five layouts to choose from. From a compact 16' single axle van to a 20'6" variant, each van comes fully fitted with no compromises, allowing for your experience to be enjoyed as planned.

The body sits on a dark grey 6" chassis fitted with control rider suspension, dual shock-absorbers, 17" wheels, D035 coupling and ALKO Electric Stability Control. The composite aluminium exterior is complimented with 925mm high profile black checkerplate, providing both protection and presence. You can expect all the requirements for off-road travel such as lithium batteries, solar panels, dual water tanks, grey water tank, toolbox, external shower set, reverse camera and external speakers.

Venture inside and the same "No Compromise" philosophy applies. Solid CNC cut cabinetry, airconditioning, refrigeration, washing machine, microwave, microfibre upholstery, filtered water, padded bunk ends, 2 x Lithium batteries, 2 x 170W Solar panels, 24" LED TV and the list goes on.

Your RS is awaiting to be signed, sealed and delivered for a brand-new Off-Road experience.

'Your Time is Now'.
